

DEPARTMENT OF JUSTICE
Antitrust Division

Notice Pursuant to the National Cooperative Research and Production Act Of 1993 -- Naval Aviation Systems Consortium

Notice is hereby given that, on October 24, 2019, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 et seq. ("the Act"), Naval Aviation Systems Consortium ("NASC") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties to the venture and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the identities of the parties to the venture are: A. Harold & Associates, LLC, Jacksonville, FL; AAI Corporation d/b/a Textron Systems, Hunt Valley, MD; AAR, Wood Dale, IL; Abaco Systems, Huntsville, AL; ABSI Aerospace and Defense, California, MD; Accenture Federal Services LLC, Arlington, VA; Acuity Systems, LLC, Herndon, VA; Adams Communication and Engineering Technology (ACET), Lexington Park, MD; Addx Corporation, Alexandria, VA; ADS, Inc., Virginia Beach, VA; Advanced Aircraft Company, Hampton, VA; Advanced Ground

The general area of NASC's planned activity is to execute and implement an Other Transaction Agreement ("OT Agreement") with the U.S. Government ("Government") (a) for the funding of certain research, development, testing and evaluation of prototypes leading to follow-on project

production to be conducted as a collaboration between the Government and the NASC Members, to enhance the capabilities of the Government and its departments and agencies in the development of prototypes and full production thereof in the critical technology field of naval aviation ("NASC Mission"); (b) to participate in the establishment of sound technical and programmatic performance goals based on the needs and requirements of the Government's naval aviation Technology Objectives; (c) to provide a unified voice to effectively articulate the global and strategically important role the NASC Mission plays in furthering national security objectives; and (d) to maximize the utilization of the Government's and Members' capabilities to effectively develop critical technologies which can be transitioned and commercialized.
